

FOR IMMEDIATE RELEASE

INTEGRITY INSURANCE ESTABLISHES PARTNERSHIP WITH INSURTECH ASK KODIAK

APPLETON, WI (Aug. 15, 2019) — Integrity Insurance, a property & casualty carrier, is proud to announce a partnership with Ask Kodiak. Ask Kodiak developed a commercial insurance search engine that keeps independent insurance agents up-to-date on carrier appetite.

Through this partnership, Integrity's commercial appetite is now available online through their agency portal, IntegrityAgent and on AskKodiak.com. This allows agents to search specific classes, review eligibility information and learn more about Integrity's commercial product in a way that's fast and simple.

"Integrity continues to invest in technology to address our current and future agency partner's needs," said VP, Sales & Marketing Bobbie Collies. "Our partnership with Ask Kodiak is a perfect solution for agents to find information about our appetite and coverage in the quickest and easiest way possible. Leveraging the tools AskKodiak has to offer allows increased visibility into our appetite therefore driving more desired business opportunities and more profitable premium."

On a broader level, Ask Kodiak's open API can provide similar functionality, allowing integrations where it's most convenient and valuable to our agency partners, further building its strength.

"Integrity Insurance and Ask Kodiak share a core principle of elevating independent agents," said Ask Kodiak Co-Founder Allan Egbert. "We are thrilled to team up with Integrity and provide our platform features to their independent agents. Integrity's agency partners will save time finding the best fit for their clients and match more new opportunities."

About Integrity Insurance

Integrity Insurance was established in 1933 and headquartered in Appleton, WI.
